

Clean Crep Jamaica: DM Audit + Action Plan

ManyChat + Instagram audit (59 threads, Aug 15 to Oct 2, 2026), checked against the live database. Prepared Oct 6, 2026.
Chats are as of Oct 2: anything that came in after that isn't here.

Open pipeline (quoted)	J\$82,500
Incl. estimates (no quote given)	~J\$101,500
Needs reply now	13 chats
Warm, stalled	14 chats
Waiting on them	8 chats
Kit waitlist	6 people
Orders logged in dashboard	1 (CC-0052 only)

Do this first (in order)

- [] **1. Carline (10 pairs, J\$20,000) and Meka (5 pairs, J\$10,000).** Check WhatsApp first. These two are J\$30k, over a third of the pipeline.
- [] **2. Send the 13 'needs reply now' messages** (page 2). Use the corrected wording.
- [] **3. Log the real jobs in the dashboard:** Titiman (3 Clarks, J\$10,500), carlosateam (~7 pairs), plus anything still on the shelf. Unlogged jobs get no 'ready' message and no repeat-customer data.
- [] **4. DM Crissy (CC-0052)** for her drop-off day. Her order is held for Oct 9.
- [] **5. Decide 3 things** for Creppie (page 4): always give the address, bulk discount yes or no, and the booking link.
- [] **6. Fix the WhatsApp line.** Two customers say nobody answers. Every handoff from Creppie lands there.

Needs reply now (13)

The customer is waiting, or Creppie couldn't handle it. * = estimate, no quote given. Wording already corrected.

Re-greets right after you reply by hand	OPEN	Your manual ManyChat replies never reach Creppie. Decision: 'investigate re-greet'.
Says 'no discounts' while you give discounts	DECIDE	Pick a rule, e.g. 10% off 5+ pairs, or no discounts anywhere.
Promises 'the team will follow up', then nobody does	PROCESS	Handoffs go to WhatsApp. Needs someone checking it daily.
Repeats and blank messages	CHECK	Mostly before Sep 30. Claude will check whether any happened since.

Decisions for you (reply to Claude with these words)

- [] **'fix address'** Creppie gives the location and hours whenever asked, and still gets the name for the booking.
- [] **'bulk rate 10%' / 'no discounts'** Unlocks Carline (J\$20k) and makes Creppie consistent with what you actually offer.
- [] **'investigate re-greet'** Stop Creppie greeting customers fresh after you've already replied by hand.
- [] **'add booking link' / 'not yet'** The reminder you asked for: add 'Book in 60 seconds: cleancrep.com' to Creppie's replies?
